

Glacier Hills Homeowners Association

Board of Directors' Meeting

March 11, 2022

On March 11, 2022 Glacier Hills Homeowners Association Board of Directors members Greg Doggett, Scott Ogradnik, and Sol Polen met and participated in a special meeting. The meeting was held at the Polen residence and was conducted outdoors due to Covid concerns.

The purpose of this special meeting was to discuss owner concerns regarding recent feedback from some Glacier Hills homeowners regarding the Board's decision to maintain year round access to the Highway 2 gate and adjoining roadway. It had become apparent that misinformation coupled with a lack of complete information had been circulating within a portion of the community regarding the Board's decision. One resident in particular, Mark Newbold, had requested that the Board's decision be placed on the Agenda for the upcoming July 2022 Association meeting.

The Board decided to arrange an in-person meet with resident Mark Newbold to explain and clarify issues related to the Board's decision regarding the Highway 2 gate and adjoining roadway.

Respectfully submitted,

Sol Polen
